## **abstracts of bacteriology volume 1**

Bacteriologists throughout the world acknowledge Bergey's Manual as the authority on the identification and nomenclature of bacteria. A Russian version of the abridged (1974) version was published in 1980. This time there are to be four volumes instead of one, to be published at yearly intervals. Volume 1 is concerned with spirochaetes, gram-negative bacteria (including Enterobacteriaceae and...
