Death by burning (also known as immolation) is an execution method involving combustion or exposure to extreme heat. It has a long history as a form of capital punishment, and many societies have employed it for criminal activities such as treason, heresy and witchcraft. The best-known execution of this type is burning at the stake, where the condemned is bound to a large wooden stake and a ...

In England, burning was a legal punishment inflicted on women found guilty of high treason, petty treason and heresy. Over a period of several centuries, female convicts were publicly burnt at the stake, sometimes alive, for a range of activities including coining and mariticide. While men guilty of heresy were also burned at the stake, those who committed high treason were instead hanged, drawn and quartered. The English jurist William Blackstone supposed that the difference in ...
