### Gaining Currency The Rise Of

Gaining Currency : The Rise of the Renminbi is an account on the growing use and challenges of broad adoption of the unit of account in China. Eswar Prasad was former head of the IMF in China so has a long familiarity with the country's political economy and the evolution of the use of the Yuan.

### Gaining Currency: The Rise of the Renminbi: Prasad, Eswar ...

These are remarkable developments for a currency whose value is still not freely determined by market forces and whose home country does not allow for the free flow of financial capital across its borders. Gaining Currency documents the RMB's impressive rise, with China successfully adopting a unique playbook for promoting its currency. China's growing economic might, expanding international influence, and the rise of its currency are all intricately connected.
