Books, 1988. More than the usual treatment of modern optics topics. Mueller, C and Rudolph, M, Light and Vision, Time-Life Books, NY, 1966

Optics References

Hecht's Optics text (third edition) was required. The course consisted of lectures and laboratory. The results of the course: disastrous. However, the textbook is hardly

Access Free Hecht Optics 3rd Edition Addison

responsible for that outcome, as "Research has shown that students have tremendous difficulties developing qualitative understanding of wave optics at all educational levels."
