League of Denial (full film) | FRONTLINE - YouTube

League of Denial is a 2013 book, initially broadcast as a documentary film, about traumatic brain injury in the National Football League (NFL), particularly concussions and chronic traumatic encephalopathy (CTE). The documentary, entitled League of Denial: The NFL's Concussion Crisis, was produced by Frontline and broadcast on PBS. The book was written by ESPN reporters Mark Fainaru-Wada and ...

League of Denial - Wikipedia

A fairly explosive investigation of the NFL's concussion crisis, League of Denial is comprehensive and well-researched exposé of a problem that the NFL knew about and tried to cover up. Football is a violent sport, full of thousands on "mini-collisions" and is stands to reason that this would have an effect on the men who played.

League of Denial reveals how the NFL, over a period of nearly two decades, sought to cover up and deny mounting evidence of the connection between football and brain damage. Comprehensively, and for the first time, award-winning ESPN investigative reporters Mark Fainaru-Wada and Steve Fainaru tell the story of a public health crisis that emerged from the playing fields of our 21st century pastime.

[PDF] [EPUB] League of Denial: The NFL, Concussions and ...

In a fast-paced narrative that moves between the NFL trenches, America's research labs and the boardrooms where the NFL went to war against science, League of Denial examines how the league used its power and resources to attack independent scientists and elevate its own flawed research -- a campaign with echoes of Big Tobacco's fight to deny the connection between smoking and lung cancer.

League of Denial: The NFL, Concussions, and the Battle for ...

Overview. League of Denial: The NFL, Concussions, and the Battle for Truth is a 2013 work of investigative nonfiction by brothers Mark Fainaru-Wada and Steve Fainaru. The book chronicles the National Football League's concussion crisis, which came to light with a few career-ending head injuries in the 1990s and became an even more serious issue as numerous deceased former players were found ...

League of Denial Summary and Study Guide | SuperSummary

League of Denial is an important step in understanding the risks those players face. More importantly, it's an important step in understanding how little the National Football League, a \$9-billion-and-growing a year business, cares about learning or publicizing how dangerous the sport really is.
