Design Can Encourage Greater Self-Disclosure

While it's good to use self-disclosure to improve connections and build trust, be sure that you're not doing it for other, less positive reasons. For example, don't use self-disclosure to grab the limelight, to distract attention from other issues, or to gain an unfair advantage.

Self-Disclosure - Communication Skills From MindTools.com

Self Disclosure is a Mutual Give-and-Take . Building a successful relationship involves a mutual give-and-take between partners. Self-disclosure may be more limited in the early stages of a new relationship, but part of the reason people grow closer and more deeply involved is that they become progressively more open to sharing with their partner. In order to build a deep and trusting ...

Self-disclosure is the process of revealing information about yourself to others that is not readily known by them—you have to disclose it. In face-to-face interactions, telling someone “I am a white woman” would not be self-disclosure because that person can perceive that about you without being told. However, revealing, “I am an avid ...

Self Disclosure | Introduction to Communication

Self-Disclosure Definition Self-disclosure refers to the process of revealing personal, intimate information about oneself to others. Through self-disclosure, two individuals get to know one another. Self-disclosure is considered a key aspect of developing closeness and intimacy with others, including friends, romantic partners, and family members.
