### The Dynamics Of Public Relations

Public relations is variously defined: those within the PR sector tend to view their activities as having strategic and corporate impact, while many marketers classify PR as little more than a tactical ingredient of the promotional mix. This contrast is important, given marketers are heavy users of PR activity.

Abstract. Most public relations research advocates for stronger organization-public relationships and the implementation of dialogic theory to advance the practice and elevate the status of the public relations practitioner. However, this study reveals that internal relationship dynamics can prevent corporate public relations practitioners from carrying out this function of the public relations role.
