You know about koalas and kangaroos, but do you know what a quokka is? This sweet-natured marsupial is also native to Australia. The quokka's docile temperament, friendliness to humans and smiling face have earned it the nickname "the world's happiest animal."

Meet The Quokka - 'The World's Happiest Animal'

the time is ripe to examine the concept of animal happiness. We draw from the human and animal literature to delineate a concept of animal happiness and propose how to assess it. We argue that animal happiness depends on howanindividualfeelsgenerally—that is,atypicallevelofaffect. Keywords: animal welfare; human happiness; typical level of affect; affect balance Introduction

Amazon.com: Customer reviews: The Happiness Animal

Animals not only cause us to be happy, they are essential to our happiness because they are fundamental to our very existence. In our homes, our furred and feathered friends bring great joy and comfort; studies consistently show that people who live with pets have better mental and physical health outcomes than those who do not [1].
