Thor: God of Thunder Vol 1 3 | Marvel Database | Fandom

This is the third volume of the "Thor: God of Thunder" series, under the Marvel NOW! initiative. It does feel less beefy than Aaron's first Thor volumes, The God Butcher and Godbomb, as it features two one-off issues to bridge the gaps between the preceding Gorr story and the Roxxon story that is currently on the stands. This in no way diminishes the quality of the volume, however, as every issue, whether part of a multiple-issues story, or just a one off side-story, are all fantastic.

This volume collects Thor, God of Thunder 1-5 and has a digital copy code. Extras include 11 pages of variant covers and a Ribic Sketchbook with 5 pages of character and cover sketches as well as 8 pages of pencils.

Amazon.com: Customer reviews: Thor: God of Thunder, Vol. 1 ...

Thor: God of Thunder started very strong for the first 11 issues with the epic God Butcher arc, but then it kind of fell apart a little for The Accursed arc which followed. Some of this was due to losing Esad Ribic as artist, but it also felt a little overly long for a story that's basically just setting Malekith up as a villain for later on.
