Vm Motori Marine Diesel Engines

Vm Motori, founded in 1947, is one of the few companies in the world to exclusively design and produce diesel engines at its plant in Cento (Italy). Major investments in R&D, together with the use of modern technology, put VM at the forefront of marine applications. The current engine range is the result of our philosophy of producing high performance engines in respect of the most severe emissions limits.

MARINE ENGINES - VM Motori Realizzazione Motori Diesel

Vm Motori, founded in 1947, specialises in the design and production of high performance diesel marine engines. The current MR500 and MR700 series are the fruit of VM Motori's philosophy of producing high performance engines in respect of the most severe emissions limits. The MR500-700 range starts at 85kW and goes through to 257kW, including both 4 cylinder and 6 cylinder models.
